John A. (Jack) Rosek, San Carlos Navy Man, Dies in Pacific Action

A fifth gold star was to be added to San Carlos' service flag today with the announcement of the death of John A. (Jack) Rosek, son of Mr. and Mrs. Harry Rosek, 408 Elm St., San Carlos.

The Roseks received a telegram from the War Department telling that Jack, 20, a former Sequoia High School student, had been killed last Wednesday.

Details surrounding his death are lacking. Young Rosek had been stationed with the navy in New Caledonia, but in one of his last letters to his parents, he said he was transferring to another base which was "to figure in the news."

Rosek entered the Sea Bees in January of this year and friends said his parents had not been informed of his transfer to another branch. However, recent letters from him showed USNI instead of USNR, indicating he had transferred to naval intelligence.

Rosek has a brother, Richard, 15, a Sequoia student. The Roseks are now on vacation.

Rosek took his training at Norfolk, Va., and later was stationed at Parks Camp at Pleasanton. Before entering the service Jack was in defense work at Western Pipe & Steel Co. at South San Francisco. Prior to that he was employed by an electrical firm in Burlingame.

He was an Eagle Scout and served as assistant scoutmaster of Troop 153. He also was a member of the Knights of Dunsmuir. Rosek visited in San Carlos during Easter week. He went overseas in May, friends reported. His parents recently received a letter from Jack postmarked Aug. 6.

In one of his recent letters to his parents, Jack told of seeing a postcard on the beach and when he picked it up discovered it had a picture of the San Mateo County Courthouse at Redwood City on it.

The four gold stars already on San Carlos' service flag are in tribute to Robert N. Edling, David H. McKee Jr., Leroy Walton and Asa Jackson.

County Health Office Warns Against Mussels

San Mateo County health office today warned residents and visitors not to eat mussels found along the county's coastline.

The warning following several reports of poisoning, including four deaths, in Northern California counties. Humboldt County has reported nine cases of poisoning following the eating of mussels with four deaths. Del Norte County has reported four cases.

Bus Firm Urges Enlistments

If you are a skilled American construction worker, you can help win the war now by joining the navy's building-fighting Seabees. Thousands more of such men are needed at once.

Such is the message carried in current Greyhound advertisements appearing in more than 500 newspapers of California, Oregon, Nevada, Arizona, Utah, New Mexico and parts of Texas. This wide newspaper coverage in the West was decided upon due to the urgency of the situation and to the fact that, with the Axis reeling under repeated Allied blows, the time to strike is when the iron is hot. And the Seabees, it was pointed out, can help deliver the "Sunday punch."

"Follow your trade in the navy," says Greyhound. "For men who itch to get in the thick of things, the Seabees offer action. They're a tough, hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other navy equipment, back up the combat line with tools and guns."

Mechanics, carpenters, electricians, shovel operators, pipefitters, steel workers, riggers, divers, draftsmen—these are only a few of the many craftsmen needed in the Seabees. Red-blooded men from 17 to 50½ are eligible. Full information may be obtained at your nearest Navy Recruiting Station.

Gambrinus, a mythical king of Flanders, was supposed to have invented beer and his figure often appears on beer steins.

Juveniles Held For S.M. Burglary

SAN MATEO—A second outbreak of juvenile delinquency in San Mateo occurred this week with the burglary by three boys aged 12, 12 and 15, of the Denson & Mann Garage at Baldwin and Ellsworth Aves. The cash box was emptied of its contents, amounting to about $3.

The three boys, who were taken to the juvenile detention home at Redwood City where their case will be taken over by the probation officer, were brought under suspicion sometime after the robbery because they were on the streets until 2 a.m. When questioned, they confessed, and their parents were notified.

S.M. SCHOOL: Ceremonies To Fete First Anniversary

More than $100,000 worth of new buildings, including a new administration building, infirmary, several barracks and a cadet clubhouse, will be open to the public for inspection Saturday noon when the U. S. Merchant Marine Cadet Basic School at San Mateo Point celebrates its first anniversary.

In addition to the new buildings the public will see for the first time the many other improvements at the school which includes the fully paved parade ground, flanked by green lawn and a background of high eucalyptus trees.

Simultaneous with the anniversary program, Comdr. Ralph M. Sheaf, commanding officer of the school, announced today that future plans call for the construction of a swimming pool and a new gymnasium. These developments will make the academy one of the outstanding maritime schools in the United States, representing an investment of $750,000.

The program Saturday will feature stars of screen and radio and high-ranking naval and maritime officers. It will be broadcast over the nationwide Columbia network.

Five hundred cadets at the school will be present in full dress formal review and every cadet enrolled will take delivery of a U. S. war bond as a demonstration of his faith in the nation he is fighting for.

Lt. Comdr. John C. Kucin, executive officer of the school, is in charge of arrangements and all facilities are being supplied by the Burlingame Chamber of Commerce.

The entire program, which will start promptly at 12:30 p.m. will be open to the public and a crowd of 5000 is expected to attend.

Hevea rubber trees produce 1500 pounds of pure rubber per acre.

City Seeks Fire Guards

An appeal for registrations in the newly established fire guard division of civilian defense was made today by Mayor Floyd Granger.

Those enrolling will be given one of the new fire extinguishers, Granger said, with instructions for its use and his duties as a fire guard.

The fire guard division is organized within the air raid warden service, he explained. It operates in residential areas and its purpose is to control small fires when, in an emergency, the regular fire department is too busy to respond.

Montgomery Ward

REDWOOD CITY PHONE 1300

BUY BONDS
AND HELP
BUILD BOMBERS TOO!

Two Peninsulas

On yours . . . *home, safety and peace . . . and easy work at high pay.*

On that other . . . danger and deadly work, paid for in the coinage of war.

Toward that other peninsula an army of American boys are battling their way. They'll soon be swarming over it, drenching it with their blood.

Some of those boys came from YOUR peninsula. Is there no special bond between you and them? Can you just buy war stamps and call it quits? Can you go right on in your safe, comfortable, non-essential job . . . *or in no job at all* . . . and get no closer to those boys than your radio, to learn where they fight and die?

Can you go on boastful of their victories yet deaf to their cry: "Give us more *planes*!" When right here on YOUR peninsula is a chance not merely to help pay for them with bonds, *but to help build planes yourself!*

This is not just a private industry inviting you to a good job at high pay. It is the Air Force of the United States Army calling you. It is the pilots in the sky . . . the doughboys on the battlefield . . . the sailors and marines across far-flung seas. It is your country and its fighting men asking your help.

Hammond Aircraft is assisting to build Douglas bombers. It has a quota to meet . . . a heavy, vital quota that must be filled. Yet we cannot meet that quota unless we get more workers. If you are not working at all, or are engaged in non-essential employment, this is the urgent request to you:

MEN AND WOMEN

That you start a training course at once . . . not one that you pay for but one that pays you . . . and learn the simple techniques of riveting and assembly. Then, when you have finished the course, that you take a job at good pay with Hammond Aircraft.

The training school is easily accessible . . . the Peninsula Defense Training Center on Middlefield Road, Palo Alto. It is sponsored by the United States government and administered by the California Department of Education, through the Palo Alto School District.

You get practical instruction under experts. Almost from the first day you begin working on actual airplane parts. When you are qualified you are switched to a permanent job at Hammond Aircraft, either in Plant No. 1, adjoining Mills Field, or Plant No. 2, at 2575 Bayshore Blvd., just within the limits of San Francisco.

The need is urgent, vital. Won't you do something about it? In effect, our boys on the battlefront have left a phone call for you to answer. *DElaware 2071.* That's the Hammond Aircraft number.

Call it weekdays from 8:30 a.m. to 5 p.m. Sundays 8 a.m. to 4 p.m. Or, write us direct saying you are interested. Or, drop in for a friendly chat.

You work an 8-hour shift, with time and a half for all time over 40 hours weekly. It is light, clean, indoor work, unusually pleasant for women. Four special reasons favor this war job over others for residents of the peninsula and adjacent districts of San Francisco.

1. It is close to your home, easing the problem of transportation.
2. It is in a home-owned, peninsula plant that will continue to provide payrolls for the peninsula after the war.
3. It is the most absorbing phase of war work . . . making bombers . . . speeding on to victory our heroic battlers of the air.
4. It is a start in aviation, the industry with the greatest postwar future of them all.

If more convenient, call at the UNITED STATES EMPLOYMENT OFFICE.
The address is County Couthouse, Redwood City
Whatever you do, phone, call or write TODAY.

HARBOR DAY: Committee To Celebrate Birthday

On Harbor Day Saturday, the Bay Area Maritime Committee will celebrate its first birthday.

Included in the agenda for the coming meeting are reports on accomplishments to meet the demands of an offshore cargo movement expected to increase one hundred per cent in the next twelve months; reports on hearings in connection with the expropriation of tidelands by federal government; the study of plans to rebuild the intercoastal shipping business which it is rumored will be opposed by the railroads; a program for building barges and tugs to meet the needs of Bay traffic; the establishment of an international air port on the Berkeley waterfront and the development of a foreign trade zone.

Organized on Harbor Day in August of last year, the group consists of representatives of the eleven Bay Area counties comprising Alameda, Contra Costa, Marin, Napa, Sacramento, San Francisco, San Joaquin, San Mateo, Santa Clara, Solano and Sonoma.

San Mateo County is represented by Ronald Campbell, county planning engineer, Redwood City; Henry Misselwitz, chamber of commerce, San Mateo; A. A. Moran, Port of Redwood City; Edmund Scott, board of port commissioners, Redwood City.

The committee's monthly business meetings have been attended by increasing numbers of interested businessmen and federal officials. For the convenience of delegates, most meetings have been held in San Francisco. Others took place in Redwood City, Sacramento and Oakland. At the Oakland meet, the number of guests exceeded the number of committee members.

"Caulk off" is a navy slang term meaning to take a nap.

Regional OPA which includes California, Washington, Nevada, Arizona and Northern Idaho. His predecessor, William B. Lockhart, is in the navy.

U. S. Army Signal Corps

When Man's Best Friend Goes Off to War

BETWEEN 1500 and 2000 dogs are being donated by the American public to Uncle Sam, each month, for use in the armed services of the nation. With many families, especially for the children, this represents a real personal sacrifice as their contribution to the war effort.

Often, there are tearful farewells as the railway expressman calls to take the prospective "K-9" candidate to one of the forty mobilization centers of Dogs for Defense, official procurement agency, for examination and induction.

Not every dog passes the tests, which require that it be at least 50 pounds in weight, 20 inches in shoulder height, in perfect physical condition, aggressive in spirit and free from gun-shyness.

After acceptance, the animals are placed in official "U. S. Army Dog" crates and turned over to Railway Express Agency for transportation to a selected U. S. Quartermaster dog training center, the largest of which are at Front Royal, Va.; Fort Robinson, Neb., Camp Rimini, Helena, Mont., and at San Carlos, Calif.

Uncle Sam has urgent need for many more good dogs as standbys and protectors of our soldiers on sentry duty and at places where enemy sharpshooters are about. If your dog has the necessary qualifications, the Government wants him!

If you will write to B. B. Berman, Redwood City, proper forms will be mailed to you.

The Story of Island "X"

Island "X" is an important Pacific outpost—for Japs or Americans. The Navy and Marines move in. With them go the Seabees. Into the tropical jungle. Bulldozers flatten the hillocks. Skilled hands lay a man-made, steel mesh runway. Within ten days American fighters and bombers are taking off to smack the Japs. Another potential danger spot has become a military asset. That's the kind of job the Seabees are doing. That's the kind of job they want YOU to help them do.

Build and Fight with the SEABEES

The Navy Seabees need

MECHANICS
CARPENTERS
ELECTRICIANS
SHOVEL OPERATORS
CRANE OPERATORS
PIPEFITTERS
STEEL WORKERS
PIPELAYERS
WHARF BUILDERS
WELDERS
RIGGERS
DIVERS
DRAFTSMEN
SURVEYORS
and other construction men

U.S. ARMY CORPS of ENGINEERS offers similar opportunities for construction men. For details ask at any Army Recruiting Station.

Follow your trade in the Navy. For men who itch to get in the thick of things, the Seabees offer ACTION. They're a tough, hard-hitting organization of specialists who build bases and help hold them, repair battle-damaged ships and other Navy equipment, back up the combat line with tools and guns.

Seabees are specialists, and get full credit for their knowledge. In addition to their base pay, ranging from $50 to $126 a month, they get all living and clothing expenses, plus family allowance, plus 20% of base pay for overseas service.

Here's adventure, action, satisfying war service for red-blooded Americans between 17 and 50 with an unusual appeal to mature men over 38 with a trade.

Ask for details of the new voluntary induction plan of enlistment for men between 18 and 38.

APPLY in person or write your Navy Recruiting Station: San Mateo County Court House, Redwood City, Calif.

GREYHOUND provides vital transportation for the Seabees—gets them to and from mainland jobs and embarkation points, carries them on leave, and serves their training centers. For example, when Camp Parks, new Seabee center near Livermore, California, was opened, Greyhound immediately was called upon to provide the service it needed. This is only one of hundreds of military camps served exclusively or partially by Greyhound. This naturally diverts many buses from civilian service, and makes your patriotic cooperation more vital. So again we say: Please don't travel unless it is absolutely necessary.

BOND RALLY: NMB Employes Invest $2000 in Securities

More than $2000 in war bonds and stamps were sold at an employes' rally at National Motor Bearing Co., Inc., yesterday afternoon, it was announced by Martin J. Flynn, chairman of the Redwood City war savings committee, and Robert O'Connell Jr., postmaster.

The rally, which was in the form of a variety show called "Anything Goes," was originated and staged by Betty Hassell, Evelyn Kirk and Carmen Ojeda and featured acts by NMB employes.

Highlight of the program was the auctioning of two small ducks for $55 and $110 by Ray Appleberry, who spent 26 years as an auctioneer in the midwest farm belt.

Lt. E. Richard Barnes, USN, chaplain recently assigned to Moffett Field, praised the factory workers for their patriotism in presenting the show. "After 16 months of active duty away from American soil, it is splendid to find such outstanding enthusiasm and loyalty as displayed by you Redwood City people here today," he said. A veteran of two major battles in South Pacific seas, Lt. Barnes described many of his experiences. "The men and equipment you folks at home are sending to us do an amazing job," he said, "and I hope that you will continue to do it until all of the boys can return to their loved ones."

L. A. Johnson, NMB president, also lauded the workers for their spirit in buying war bonds, in giving blood donations, and in turning out war equipment rapidly.

Those who participated in the program included Miss Hassel, master of ceremonies and specialty songs; Miss Ojeda, swing songs; Miss Kirk who read a poem written by Estelle Lee for the occasion; Kathryn Homan and Daroline Huhnstock, duet; Verna Easton, solo; Maxine and Ruth Smith, tap dance; Ada Jean Underwood, solo; Pat Dolan, solo; Doris Peterson, solo; Joyce Hamilton, specialty song; Aldo Bastasini and Richard Wenzel, comedy.

R.C. Families Receive $138,000

(Special to the Tribune)

NEW YORK—Checks totaling $138,000 in family allowances and allotments went in the past year to Redwood City residents who have sons, husbands or fathers in military service, according to figures issued by the War Department's Office of Dependency Benefits.

These checks, 400 in number each month, consisted of $92,000 in family allowances and $46,000 in money voluntarily set aside by the servicemen from their pay.

To San Mateo County relatives of soldiers went 3600 checks a month, calling for $1,235,000 in family allowances and allotments during the year.

In the past 12 months the ODB sent out $924,456,354 in allowances and $452,225,210 in allotments. Payments in the allowance category are based on $50 for the wife, $12 for the first child and $10 for each additional child.

Traffic Signs Expected Soon

City Mgr. Robert W. Mead said this morning that signs for enforcement of the ordinance regulting traffic near the Southern Pacific Depot had been an order for two weeks.

The signs were ordered the day after the ordinance was passed, Mead said, and a "hurry-up" letter sent a few days ago. He expects the signs any day and said they will be put up as soon as they arrive.

C. of C. To Operate Clearing House

In order to avoid conflicting dates in public programs, and consequent cutting of attendance, E. W. (Ned) Butler, Chamber of Commerce manager, said this morning the chamber of commerce will operate a clearing house and bulletin board.

Butler recommended that organizations fixing dates for programs contact the chamber of commerce, list the date, and find out if other scheduled events conflict with it.

The Solomon Islands were named after King Solomon because they were supposed to be the source of gold with which the king decorated the temple of Jerusalem.

Lengfeld Urges Registration

Louis Lengfeld, manager of the San Mateo County War Housing Center, declaring only a few of the many applicants for housing accommodations can be accommodated through existing registrations, today urged all San Mateo County residents to co-operate in providing the maximum number of rooms, apartments and houses for rental.

"During the past month," Lengfeld said, "we tried to help 769 applicants find accommodations, but were only able to place 74 of them. Most of those placed by us were applicants for rooms. We were able to find lodgings for only 24 out of 646 homes—less than 4 per cent. applications for apartments or

"An untrue rumor may be party responsible for this result. Landlords have been led to believe that they would have to accept whatever tenant is sent to them by a war housing center. This is not true. No tenant will be forced on a landlord by any war housing center. Quite to the contrary. Every attempt is made to give a landlord the choice of numerous tenants in order that he may get someone to his liking."

Registrations in Redwood City may be made at the civilian defense office, city hall.

Gans Reports 15 Disease Cases

There were 15 cases of communicable disease reported in San Mateo County during the week ending Aug. 14, Dr. Charles C. Gans, county health director, announced today.

There were five cases of mumps, two each in Menlo Park and Sharp Park and one in Burlingame; three cases of measles, two in Burlingame and one in San Carlos; three cases of syphilis, two in San Mateo and one in Redwood City; two cases of tuberculosis, one in Half Moon Bay and one in San Bruno; one case of epilepsy, in South San Francisco, and one poliomyelitis case, in Brisbane. (Two more polio cases were announced last week.)

One out of every five homes in Great Britain was damaged or destroyed by bombs by the end of 1942.

Anderson Defends Stand

BURLINGAME—"I accept the challenge."

With these words Congressman John Z. (Jack) Anderson threw down the gauntlet in Burlingame Tuesday, to so-called American labor leaders, who have threatened to purge every member of Congress who voted for the present anti-strike law.

Congressman Anderson voted for the Smith-Connally anti-strike law, and last night said he had no apologies to offer anyone for that vote.

Anderson paid tribute to men who work with their hands, because "I worked for many years with my hands, and we understand each other." He declared his record in Congress would reveal nothing against the just protection and benefits due the working man and added, "Surely our men and women fighting and dying all over the world are entitled to similar protection.

"I don't need to tell you anything about John L. Lewis except to say that in my opinion his actions in our war program are more traitorous than those of any saboteur yet brought to book.

"Now Green and Murray, like Lewis, fabulously paid from the wages earned by working men, are banded together for a congressional purge."

MacArthur Sells 175 Coastside Lots

Ralph C. MacArthur, San Mateo County tax collector, today reported he has sold 175 state-owned lots in the Granada district, on the Coastside, this week.

These lots have been delinquent for a period of years and will now be returned to the assessment rolls in good standing, MacArthur said. The sale netted the county some $2000, and in addition to this will be on the tax rolls and taxes paid each year.

MacArthur said this is possibly the largest sale of state-owned lots in any particular subdivision for some time. One of the buyers of the largest number of these lots has plans for developing the property with moderately priced week-end cottages.

Since Jan. 1 MacArthur's office has sold more than 530 state-owned lots with a return to the county of $21,295. These sales are conducted in the tax collector's office here.

SAGEHORN VACATIONS

SAN CARLOS — Mayor A. H. Sagehorn, accompanied by his son, Dan, Harry Kirkorian and Buddy Breininger, has gone on a fishing trip in the northern part of the state. He expects to return in time to attend the Harbor Day celebrations in San Francisco, Aug. 28.

Belmont Police Seek Clues to Burglary

Acting Police Chief Stanley Botto of Belmont today reported he still has no clues as to who broke into the home of H. W. Moxley of 1312 Sixth Ave., Belmont, Sunday and stole several hundred dollars worth of jewelry.

Taken by the burglar, who entered by a rear window during the family's absence, were a lady's gold wrist watch with the initials G. G., a man's 17-jewel watch with the initials H. W. M., a gold Masonic ring set with a diamond, two pearl bracelets, a platinum ring set with six diamonds and some assorted jewelry. An electric razor also was stolen, Botto reported.

Great Salt Lake, Utah, is 4,200 feet above sea-level.

Belmont Police Recover Jewels

Part of the jewelry stolen Sunday from the home of H. W. Moxley of 1312 Sixth Ave., Belmont—pearl bracelets, ear rings, etc.—was found under a railroad bridge at San Francisco Water Works between El Camino Real and the old county road, Acting Police Chief Stanley Botto reported today. The jewelry was found by an attendant at the water works yesterday.

The most expensive jewelry is still missing, however, Botto said. There were no fingerprints on the jewelry, he stated.

The jewelry was taken by a burglar who entered by a rear window during the family's absence. Among the items still missing are two expensive watches, a ring set with a diamond, other assorted jewelry and an electric razor.

Motorists Must Change 'B', 'C' Books

South San Mateo County War Price and Rationing Board today warned motorists who have not yet exchanged their old type "B" and "C" gasoline ration coupon books for the new mileage ration sheets of coupons to apply at the Redwood City office immediately. Applications may be handled by mail.

Old-type supplemental gasoline coupons will become invalid on Sept. 1, and after that date gasoline dealers will not be able to accept them in exchange for gasoline, officials said.

No written application form is required for the exchange. The turn in of a valid book is sufficient. However, the tire inspection record is necessary since the serial number of the new book issued should be posted to this form.

Officials emphasized that the exchange of the old type of supplemental gasoline ration book for the new type of book will not mean a change in mileage requirements. The new books issued will not be for a higher gallonage value than is represented by the surrendered coupons. However, if a motorist's allotment will expire before Sept. 15, a renewal form should be filled out and presented at the time of turning in the old type supplemental book.

Officials also pointed out that outstanding 100-gallon bulk coupons will be invalidated on Sept. 1. Holders of such coupons have been advised to apply to the ration board to have them exchanged for the proper revised books or in the case of larger users for ration bank certificates.

Every state in the union and every one of the U. S. possessions has lost merchant seamen through enemy action since casualties were first announced.

"UNREAL REALITIES" IN THIS AMAZING AMERICA

KIDNAPPING BEARS

To safeguard visitors who feed National Park bears, rangers "kidnap" troublesome animals, carry them to a distant point, and turn them loose. Sometimes the bears beat the rangers back to the park.

WATER WOULDN'T WORK

They tried twice to christen the famed U. S. S. Constitution with water, but "Old Ironsides" would not budge. Champagne was substituted and she slid smoothly down the ways.

WESTERN BUS JOB—MOVING TOTAL POPULATION OF 6 STATES 3 TIMES A YEAR

The wartime job of buses in the West is dramatically shown by volume of passengers carried. In 1941 Pacific Greyhound Lines, operating in 6 states and a small part of Texas, carried 18 million passengers. In 1942, with few new buses, the number jumped 62% to 29 million, or over three times the population of the area served. 1943 is showing another great increase. Most passengers are military or other essential travelers. This demonstrates the need for public cooperation in helping the bus lines to carry on this vital service.

Woman, Child Hurt In Auto Mishap

Lois K. Hardiman, 29, 129 Hilltop Dr. and Marylyn Hardiman, 7, of the same address, are recovering from minor injuries suffered in an automobile accident on Hopkins Ave. at 3 p.m. Tuesday.

Police reports here stated the car went out of control as it was traveling east on Hopkins Ave. and ran into a tree.

Platinum is a poor conductor of heat and electricity.

Chairman Lists Committees

Complete list of committees for the 1943 servicemen's party to be held Saturday, Oct. 9, was released today by Elmer K. Ross, chairman of the party arrangements. The party is sponsored by the National War Fund and Redwood City Community Chest.

The committees:

Hall and decorating: Brier McNeil, chairman; Secil Kyle, Steve Fratti, Joseph Dingman, Mrs. Petra Cooper, Mrs. E. D. L. Wrentmore, Carl Britschgi, Ferris Miles, Floyd McCue.

Tickets: Mrs. John Brand, chairman; Mrs. H. F. Coykendall, Mrs. H. C. Day, Mrs. Fred Kubes, Mrs. Walter O'Farrell, H. C. Mitchell, Mrs. J. L. Roberts, Paul Allen, T. W. Cutting.

Refreshments: Mrs. A. L. Aitken and Mrs. A. B. Blakely, co-chairmen; Miss Sadie Layng, Mrs. Donald Bogie, Mrs. Fred Schmitz, Mrs. C. E. Choate, Mrs. Frederick Baker, Babe Crittino, Mrs. L. M. Covey, Mrs. J. M. Foulks, Mrs. Charles Bendeich.

Finance: C. C. Armstrong, chairman; James Thomas.

Service men: Jerry Cooper, chairman; members of American Legion.

Hostesses: Miss Marjorie Heiry and Mrs. Carl Britschgi, co-chairmen.

Floor committee: Frederick Gibbs, chairman; members of Toastmasters Club, Mrs. Ida Mae Thompson, Mrs. Arthur Jonsen, Mrs. Floyd McCue, Mrs. J. M. Foulks, Mrs. L. M. Covey, Mrs. Anna Bennett Robb, Mrs. Joseph Dingman.

Check room: Sea Scouts.

Boy Scouts: Louis Dematteis.

Girl Scouts: Mrs. J. L. Roberts.

Hal M. Honore' is chairman of the campaign publicity committee. Assisting him will be Jerry Cooper and E. W. (Ned) Butler.

WESTERN PIPE & STEEL CO.

(SOUTH SAN FRANCISCO)

Offers the best possible oportunity for

NON-ESSENTIAL WORKERS TO GET INTO WAR INDUSTRY

You can render your country a service that is just as vital to the winning of the war as that of the men on the fighting fronts. You can start right now, writing your own record of active participation in the war effort, by getting into the shipbuilding industry.

Western Pipe & Steel Co. can use trainees and helpers in all skills and crafts, including the following:

Welders	Machinists
Burners	Pipefitters
Chippers	Electricians
Flangers	Sheet Metal Workers
Shipwrights	Shipfitters

There is also plenty of work for journeymen in all of the above trades.

When Victory comes you will want to be sure of two things. They are:

(1) That you personally made a creditable contribution to the war effort.

(2) That you have mastered a trade assuring you of profitable postwar employment.

If you are now classified as a non-essential worker, don't wait until you are forced to get into a war industry.

Your opportunity is here, right now, at Western Pipe & Steel Company, South San Francisco.

For your special convenience our employment office will be open on Sunday from 8 a.m. to 4:30 p.m.

Follow Butler road east from the Bayshore Highway to the main gate, where a guard will direct you to the employment office.

Or apply to United States Employment Service:

Redwood City Phone 1300

EMPLOYMENT OFFICE: R.C. Branch Has More Vacancies Than People To Work

BY OTTO TALLENT

"If we get the people we can supply the jobs."

That is the way the Redwood City branch of the United States Employment Service had today of telling there are more jobs available in this vicinity than there are people to fill them.

Commercial jobs, sales jobs, laundry jobs, all kinds of labor jobs—these are among the positions open which the office located in the basement of the courthouse here is attempting to fill. Men and women, both experienced and inexerienced, are needed, Mrs. Florence Cooper and Mrs. Marie Bolton of the local office declared.

"We are particularly interested in women who worked before their marriage and who now would like to go to work," Mrs. Cooper said. "There are many jobs open to them—as typists, stenographers, bookkeeping machine operators, radio tube makers and numerous other types of work."

Mrs. Cooper pointed out there is essential work available for women without previous experience. Men can always be placed even if hours available for work are not full time. She said the office would like to have names of women who cannot work full time but who would like part time employment.

Aptitude tests are given for certain war jobs, Mrs. Cooper said, to determine where applicants are best suited.

A lot of essential jobs have been filled during the Summer by boys who will be returning to school soon, Mrs. Cooper pointed out.

"Their jobs must be filled by other people or else production will lag," she said. "Employers are looking to us to send them the right people."

Approximately 800 people have contacted the Redwood City office, a branch of the San Mateo office, under the direction of Earl Lawton, since it opened June 24 on a part time basis. Office hours are 8:15 a.m. to 11:30 a.m. each day including Saturday.

"We are glad to have anyone come in and talk to us in regard to jobs," both Mrs. Cooper and Mrs. Bolton said.

Just as we entered the employment office yesterday, a man from Minnesota was leaving. He was seeking a job and the women in charge told him of an opening. Before we left the office, in approximately half an hour, the man came back and with a smile on his face declared, "I got the job!" He not only got a job for himself but for a son as well. The man has three other sons in military service.

A woman born in Germany but who has lived in this country many years decided she would like to get into some kind of work, so she went to the local employment office. She was not sure where her talents might be used, but the office found out. The office discovered that the woman spoke German fluently. The office found that an important technical engineer in a Peninsula defense plant who could speak only German needed someone to translate for him. Now the woman is in a high-salaried position, placed by the local office.

Another woman told the employment agency she liked to repair radios—that her husband got a kick out of her getting her hands dirty working on automobiles. The agency placed her as an aircraft mechanic.

A boy was an amateur chemist and he wanted to learn more about that type of work. The agency placed him as a laboratory assistant.

"We try to place people according to their interests and abilities," Mrs. Cooper said.

Several men who have seen action in the present war and who have been discharged from military service because of physical disabilities have been placed in essential work.

"Those men are not squawking about what they've gone through," Mrs. Cooper said. "Most of them are far more aware than the general public to the need for civilian production. Most of them feel that if they can't get back into service they want to get into essential work."

There is no fee for placement service, the women stressed.

One of the chief functions of the local employment office is War Manpower Commission clearance. Quite a few clearances have been given—some to those changing jobs and others to people coming here from other areas.

Sequoia To Offer Cadet Corps Course

A cadet corps course, giving training in military drill will be offered to Sequoia High School students this Fall provided 38 or more students sign up.

Announcement of the course came this week from A. C. Argo, principal, who said the high school, in conformance with a law passed by the state legislature at the last session, was offering the course in addition to the regular physical education program.

Some military drill, Argo said will be given all students as part of the physical fitness program. The cadet corps course is an extra elective. Under the state law a minimum of two the drill in high schools if the drill in high schools of 38 out of a minimum of a hundred boys desire the course.

If enough sign up at Sequoia to establish the course, it will probably be taught five hours a week, Argo said.

He emphasized that the course does not replace the regular physical education program required of all students. The armed forces, he said, require an all round physical development of their members.

Frances Courtright Wins Divorce Decree

Superior Court Judge Maxwell McNutt has granted a quickie interlocutory decree of divorce here to Frances Edna Courtright of San Mateo, from William de Vos Courtright, a banker. She charged cruelty.

Mrs. Courtright was granted custody of three minor children, Carol, 15, Stephanie, 11, and Rose Ellen, 3, and $400 a month for support of herself and children.

The couple was married June 23, 1927, and separated June 12, 1942.

LAKE TENDER...

Where Power Starts on High

I AM A LAKE TENDER... guarding water that in a matter of minutes shoots down penstock pipes, to spin the turbines that make the kilowatts that march down power lines to work in war production on the farm, in city and in factory.

My job location is high in the Sierra mountains.

Usually the work is just patrolling the shores of a lake and watching the water level at the gauge tower.

Today I keep a sharp vigilance for forest fires, do airplane spotting and make doubly sure that logs and twigs and brush do not move down the lake to the forebay surge chamber and cause a powerhouse turbine to shut down. That must not happen in wartime when electric power generating plants must operate full time.

I know what a shut-down would mean because I can see electricity in use in the valley below. There are lights in farm dwellings, little clusters of lights in the valley towns, bigger clusters of lights in more distant cities.

I know, too, that electric power from the plant below my lake goes down to food packing plants, to shipyards, to factories and to army and navy bases, vital to our victory.

Then I remember the day when some of the young men from the power plant below came up to my forebay to shoot ducks. These young men are shooting down Zeros and Messerschmidts today. I remember, too, when I showed young men where the big fish were in the pools of the mountain streams near here. I know these men are out to get bigger and more dangerous fish today.

These things make me wish I were younger. I would be one of the young men fighting. But I realize I can't. I am going to stick here and try to be the best lake tender in the world. That is how I can best help win the war.

WIFE GETS SMART, MAKES HUSBAND HAPPY

I DON'T LIKE TO KICK, JOAN, BUT THIS SALAD IS LIKE SHOE LEATHER AND THE VEGETABLES, WELL...
I AGREE! TOMORROW I'M GOING TO START LOOKING FOR A NEW GROCER I CAN'T DO WORSE THAN THIS
HELLO, VESTA! I WON'T BE ABLE TO WORK AT THE CANTEEN. I SIMPLY MUST FIND A STORE TODAY WHERE I CAN DEPEND ON THE PRODUCE.
WHY, DARLING, THAT'S NOT SUCH A PROBLEM. LET ME SHOW YOU.
JOE, I'VE GOT A NEW CUSTOMER FOR YOU. TELL MRS. KENNEDY WHAT YOU TOLD ME ABOUT SAFEWAY PRODUCE.
WELL, MA'AM, SAFEWAY BUYS ONLY THE BEST PRODUCE AVAILABLE. AND WE SELL OUR PRODUCE BY WEIGHT—YOU BUY ONLY THE AMOUNT YOU EXPECT TO USE RIGHT AWAY. THAT ELIMINATES WASTE! AND SAFEWAY GUARANTEES THEIR PRODUCE TO BE FARM-FRESH OR THEY GIVE YOU BACK ALL YOUR MONEY.
BOY, THIS SALAD IS WONDERFUL. NO MATTER HOW MUCH YOU PAID FOR THE MAKIN'S IT WAS WORTH IT
BUT IT WASN'T EXPENSIVE. THAT'S THE MARVELOUS THING ABOUT BUYING PRODUCE BY WEIGHT. YOU BUY JUST THE AMOUNT YOU WANT AND THAT DOES ELIMINATE WASTE. IMAGINE! THEY GIVE YOU ALL YOUR MONEY BACK IF YOU AREN'T SATISFIED.

Dessert diary—summer 1943

When hot-weather appetites make light dinners appropriate, reinforce the menu with a hearty dessert—one that will tempt the family into getting its full share of nourishing food. Good desserts can carry plenty of food values, you know, including vitamins, minerals, and energy-producing essentials. Our Diary of Desserts offers grand finales to lightweight menus.

OLD-FASHIONED PEACH COBBLER—Prepare biscuit dough as usual. Roll it out to a thickness of ¼ inch. Cut strip to fit around the sides of a pan about 2 inches deep. Arrange fresh, sliced peaches, sugared to taste, in pan. Dot with butter. Add ¼ cup water to create a steam. Cover peaches with remaining dough; press edges together to seal; cut large slits in top to allow steam to escape. Bake in hot oven (450° F.) for 15 minutes, then turn down heat and bake in moderate oven (350° F.) for 15 minutes longer.

FRUITED FLOATING ISLAND—Place fresh berries or sliced fruits in tall sherbet dishes, cover with icy cold, soft, boiled custard, and top with meringue made by beating egg whites until stiff, then adding powdered sugar and blending. Put a fleck of jelly or jam on top of the meringue and chill.

FRUIT BETTY—Combine 1½ cups moist breadcrumbs with ¾ cup sugar and 1½ tsps. cinnamon. Place alternate layers of fresh fruit and breadcrumbs in casserole, beginning with fruit and ending with breadcrumbs. Dot with butter or other shortening, add ⅓ cup of fruit juice or water, cover casserole and bake in moderate oven (375° F.) for 45 minutes. Serve with light cream or thin custard sauce

FRUIT DUMPLINGS—Make biscuit dough using just enough milk or water to make it very stiff. Stir in 1 cup chopped fruit or whole berries. Drop dough from tablespoon into gently boiling water, cover and cook 12 minutes without peeking. Drain and serve with cream or fruit sauce.

GRAPE CREAM—Beat together 3 egg yolks and ½ cup of sugar. Add 1 cup milk and cook over hot water in top of double boiler for 5 minutes stirring constantly. Remove from heat. Soften 1 tbsp. gelatin in cold water and add to cooked mixture. Cool slightly. Add 1 cup seeded table grapes and fold in 3 stiffly beaten egg whites. Pour into mold and chill until firm. Berries or other fresh fruit may be used in place of grapes.

OR DO SANDWICHES WORRY YOU?

If your dessert problems are straightened out, but sandwich fillings are a bore, then read Julia Lee Wright's article in this week's Family Circle It's packed with ideas

Safeway Homemakers' Bureau
JULIA LEE WRIGHT Director

Prices in this ad are effective Tuesday through Saturday, August 24 to 28, inclusive, in San Francisco, Oakland, Alameda, Berkeley, Richmond, Hayward and other cities and towns in San Mateo, Alameda and Contra Costa Counties unless changes are required as a result of new regulations from the Office of Price Administration.

Are you getting the most of the best from your produce money?

If you are not, do this—Buy your produce by weight at Safeway. You'll find that you get every ounce of value for your money—all produce sold at Safeway is guaranteed to be farm-fresh

SAFEWAY

Parade To Highlight Civilian Defense Week

A parade, including army jeeps, military units, civilian defense units, drill teams and possibly a bagpipe band, is in prospect for Redwood City's civilian defense week program, set for Sept. 20-26, as a result of plans laid out by the war council here in a meeting this week.

The parade will be held on Sunday, Sept. 26, starting at 3 p.m.

For the Wednesday preceding, the council is arranging a mass meeting in the Sequoia High School auditorium. Louis Dematteis, public relations committee chairman, said an outstanding speaker will be invited for the meeting and an army band will provide entertainment.

Following the Sunday parade, civilian defense units, under the direction of Fire Chief Mark E. Ryan will stage a demonstration showing defense services in action. The council last night decided to request use of the Sequoia High School baseball diamond for the show.

Other events of the week will include house to house distribution, by wardens, of pamphlets recently made up and published by the war council here.

Mayor Floyd Granger said chairmen for the committees handling events of the week will be announced soon.

Eagles Conduct Class Initiation

At the last regular meeting of Aeria 418, Fraternal Order of Eagles, a class of candidates was initiated in honor of George "Dad" Disbrow, long-time member of Eagles. He was presented a gold charm by W. T. Maloney on behalf of the local organization for his assistance and efforts during the 15 years he has been here. Disbrow is a retired leather merchant.

Initiates were Adolph Waldeck, Hilton C. Shearer, Eugene L. Russell, Gus Traeger and Otto Broberg.

Paul Lawrence, Sequoia High School student who was sent by the Eagles to Boys State in Sacramento gave a talk concerning his experiences in Sacramento.

High School To Conduct Registration

Sequoia High School Supt. A. C. Argo today announced registration of transfer students will be held on Sept. 2 and 3 as well as Sept. 9 and 10.

The early registration is to be held to allow transfers an equal chance for placement in classes with students who enrolled last Spring. Argo pointed out it would be to the transfer's benefit to register on either Sept. 2 or 3.

Argo also declared that school will open on Sept. 13 as previously scheduled.

Chamber of Commerce Now Incorporated

Redwood City Chamber of Commerce is now a corporation, E. W. (Ned) Butler said this morning. The incorporation step, taken recently, will relieve directors of liabilities and make it possible for the chamber to own property, in event such a move seems desirable in the future, Butler stated.

He said the chamber of commerce intends to get new building accommodations eventually, but plans as yet are uncertain.

High School Appoints New Teacher

Laurence Sanderson, formerly a teacher in the Eureka High School, has been appointed to the faculty of the Sequoia High School, A. C. Argo, principal, said today.

The appointment was made at the regular monthly meeting of the high school board of trustees.

Sanderson will teach in the commerce department in place of Ed Hunt who was granted a year's leave of absence to serve with the armed forces. The new teacher is a graduate of the University of California at Berkeley.

The trustees also received the resignation of Mrs. C. M. Langbehn, director of the school cafeteria. Argo said no one had been hired to take over the post as yet.

Marsh Grass Fire Burns Over 40 Acres

Fire trucks from both city and county fire departments were called out late Saturday afternoon to extinguish a blaze which swept through marsh grass across the Bayshore Hwy. opposite Brewster St.

Dep. Fire Chief Joseph Lodi said today that 40 acres were burned over. Two trucks from the San Mateo Co. Fire Dept. and two from the city fire department here responded to the alarm.

Clouds of dense smoke from the fiercely burning marsh grass attracted many Saturday afternoon shoppers. Lodi said, however, that the fire, checked by the highway on the west and a creek on the east and south, did no damage.

PUBLIC NOTICE

Crist & Beene, Atty.

NOTICE OF TRUSTEE'S SALE

NOTICE IS HEREBY GIVEN That default has been made in the payment of principal and interest on the promissory note secured by that certain deed of trust executed by PERCY GRAY, as trustor, to L. H. BLISS, as trustee, and FRANK LEE CRIST, as beneficiary, dated May 4, 1942, and recorded in the office of the County Recorder of the County of San Mateo, State of California, on the 5th day of May, 1942, in Book 1008 of Official Records, at page 499, San Mateo County Records, and that application in writing has been made to the undersigned trustee under said deed of trust, by said beneficiary, the owner and holder of said note and deed of trust, that the undersigned sell the premises by said deed of trust conveyed and hereinafter described, as in said deed of trust provided;

NOW, THEREFORE, the undersigned trustee will, on the 9th day of September, 1943, at the hour of 10:00 o'clock a.m. of said day, at the front door of the courthouse, in the City of Redwood City, County of San Mateo, State of California, in pursuance of the provisions of said deed of trust, sell at public auction to the highest bidder for cash, in lawful money of the United States of America, the land and premises situated in the County of San Mateo, State of California, described as follows, to-wit:

The southerly 17 feet, front and rear measurements, of Lot 5 and the northerly 29.23 feet front and rear measurements of Lot 4, Block 9, Map of Co-operative Land & Trust Company Track Subdivision No. 1 of North Palo Alto, San Mateo Co. Cal., filed in the office of the County Recorder of San Mateo County July 1, 1907, in Book 5 of Maps at page 13.

Dated: August 5th, 1943.

L. H. BLISS, Trustee.

CRIST & BEENE,
Attorneys at Law,
American Trust Co. Bldg.,
Palo Alto, Calif.

A night-fighting aviator needs 5000 units of vitamin A daily to aid vision.

S.C. Fire Threatens Houses

Several homes were threatened late Tuesday afternoon in Hidden Valley back of San Carlos when about an acre of brush burned. Six men from the San Mateo County Forest Service and approximately 20 men from the San Carlos Fire Dept. worked an hour and a half to extinguish the blaze, origin of which is unknown. The county sent out three trucks, San Carlos two.

The fire burned along a ridge and turned south and started up a hill toward several homes, firemen reported. The county firemen pumped 1200 gallons of water, San Carlos about 500 gallons.

Redwood City Man Faces Driving Charge

Gerald W. Philpott, 39, 1 Duane St., Redwood City, was free on $50 cash bail today following his arrest by the California Highway Patrol on a charge of drunk driving. He was arrested while driving on Bayshore Hwy. near South San Francisco.

CD District Forms First Aid Stations

Air raid wardens and block matrons of Dist. 11, Redwood City Civilian Defense organization, this week established three emergency first aid stations for use in case of an enemy attack on this area.

Funds for equipping the stations were donated by residents of the district, Joe S. Farr, senior air raid warden, said today.

Stations have been set up in the homes of Mrs. F. Vanderborden, 627 Myrtle St.; Mrs. William E. Switzer, 836 Roosevelt Ave., and Mrs. Frances E. Hogan, 715 Hudson St.

Residents of the area were invited today to visit the three stations to acquaint themselves with locations and to inspect the new equipment.

PINCH OF SALT

If the sweetness of cream is doubtful, a pinch of salt will prevent curdling.
